

Built for India

DentsKart

Your clinic, handled. Your patients, growing.

The definitive Practice OS for Indian Dental Clinics.

The Status Quo: A Fragmented Ecosystem

Indian dentists are clinicians first, but are forced to spend hours acting as administrators bridging fragmented, overpriced systems.

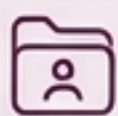

Meet DentsKart: Everything your clinic needs to run and grow, absorbed into a single intelligent workspace.

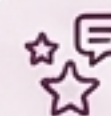

Smart Appointments:
Zero double-bookings

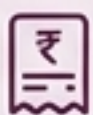

WhatsApp Automations:
Official Meta Cloud API

Complete Patient Records:
Everything in one tap

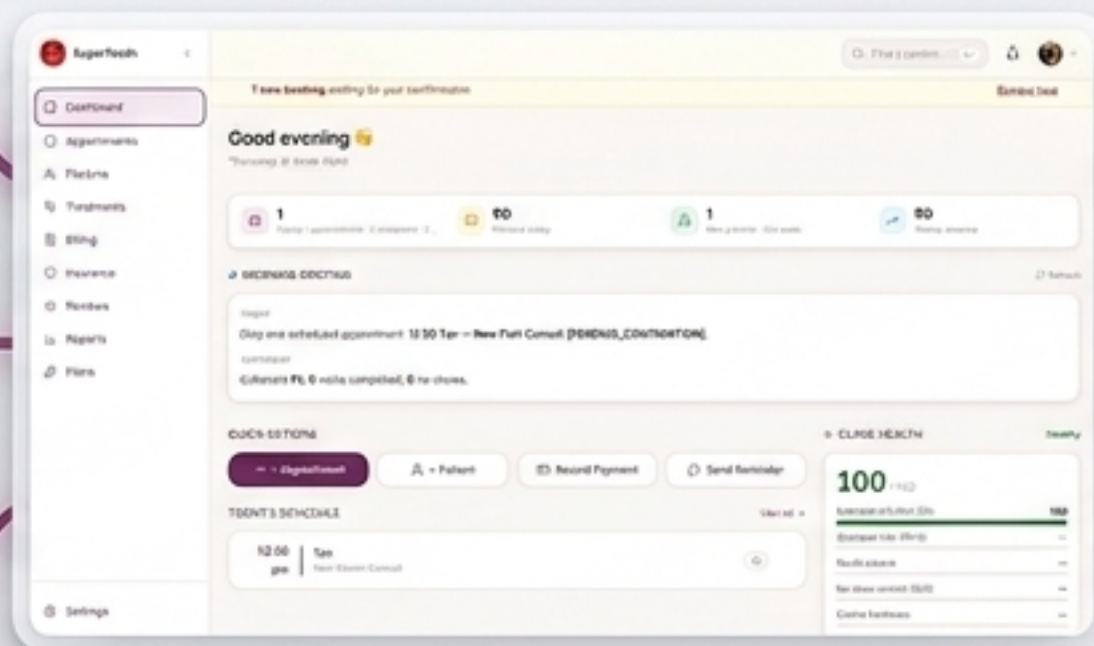

AI Review Management:
Autopilot reputation

30-Second GST Billing:
Instant UPI & PDF generation

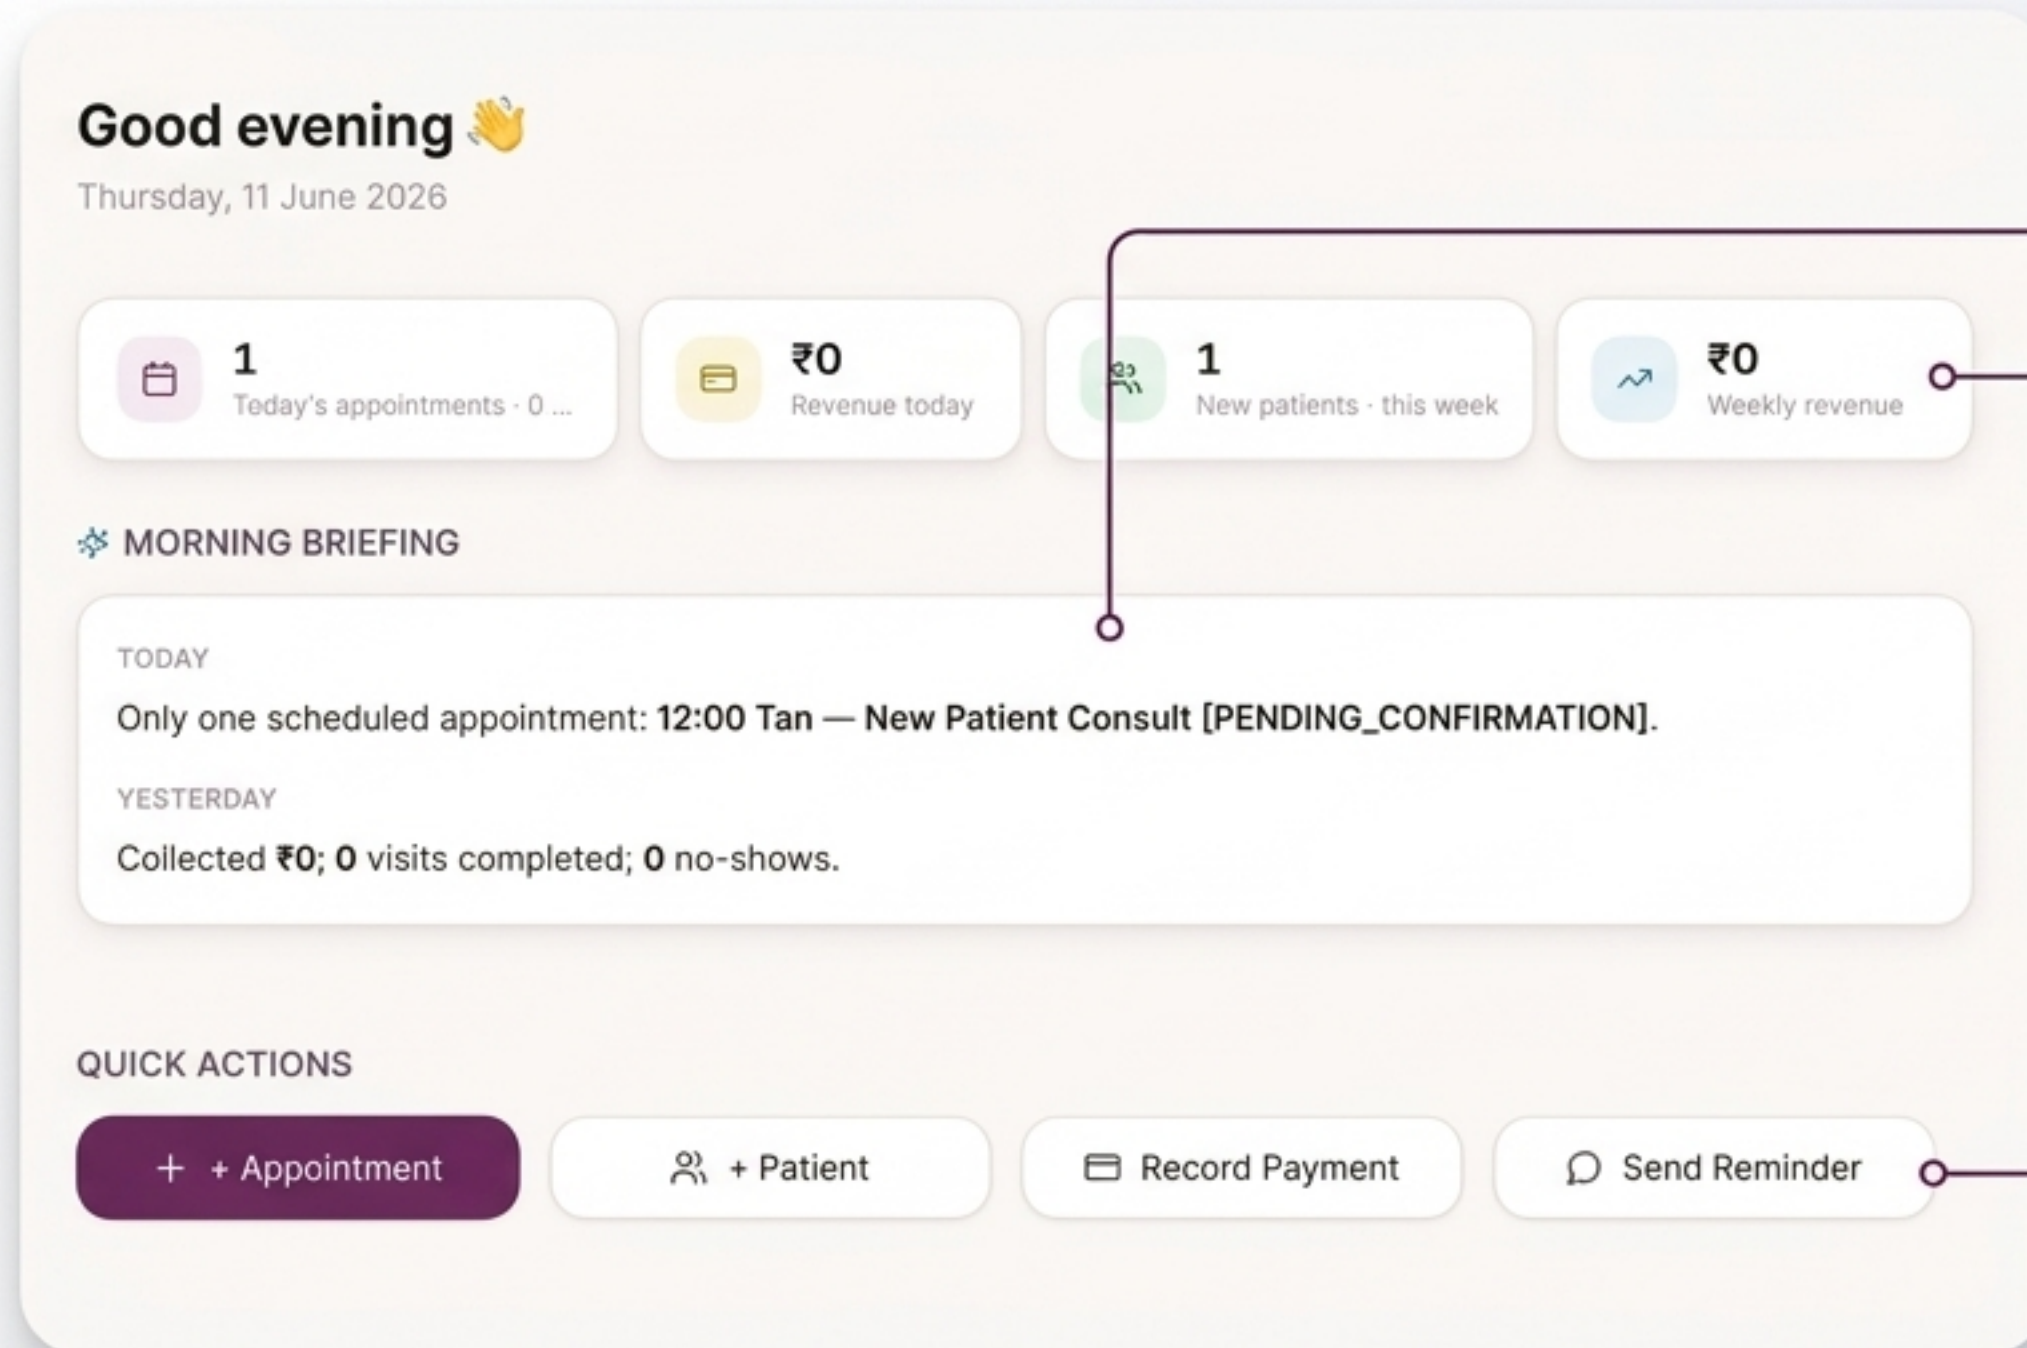

Business Insights:
Revenue & health analytics

OS Core

Proactive operational intelligence: Never walk into your clinic blind.

The AI Briefing: Claude AI analyzes yesterday's collections, visits, and no-shows, delivering a concise morning summary.

Stat Blocks: Real-time visibility into today's revenue and weekly new patient acquisition.

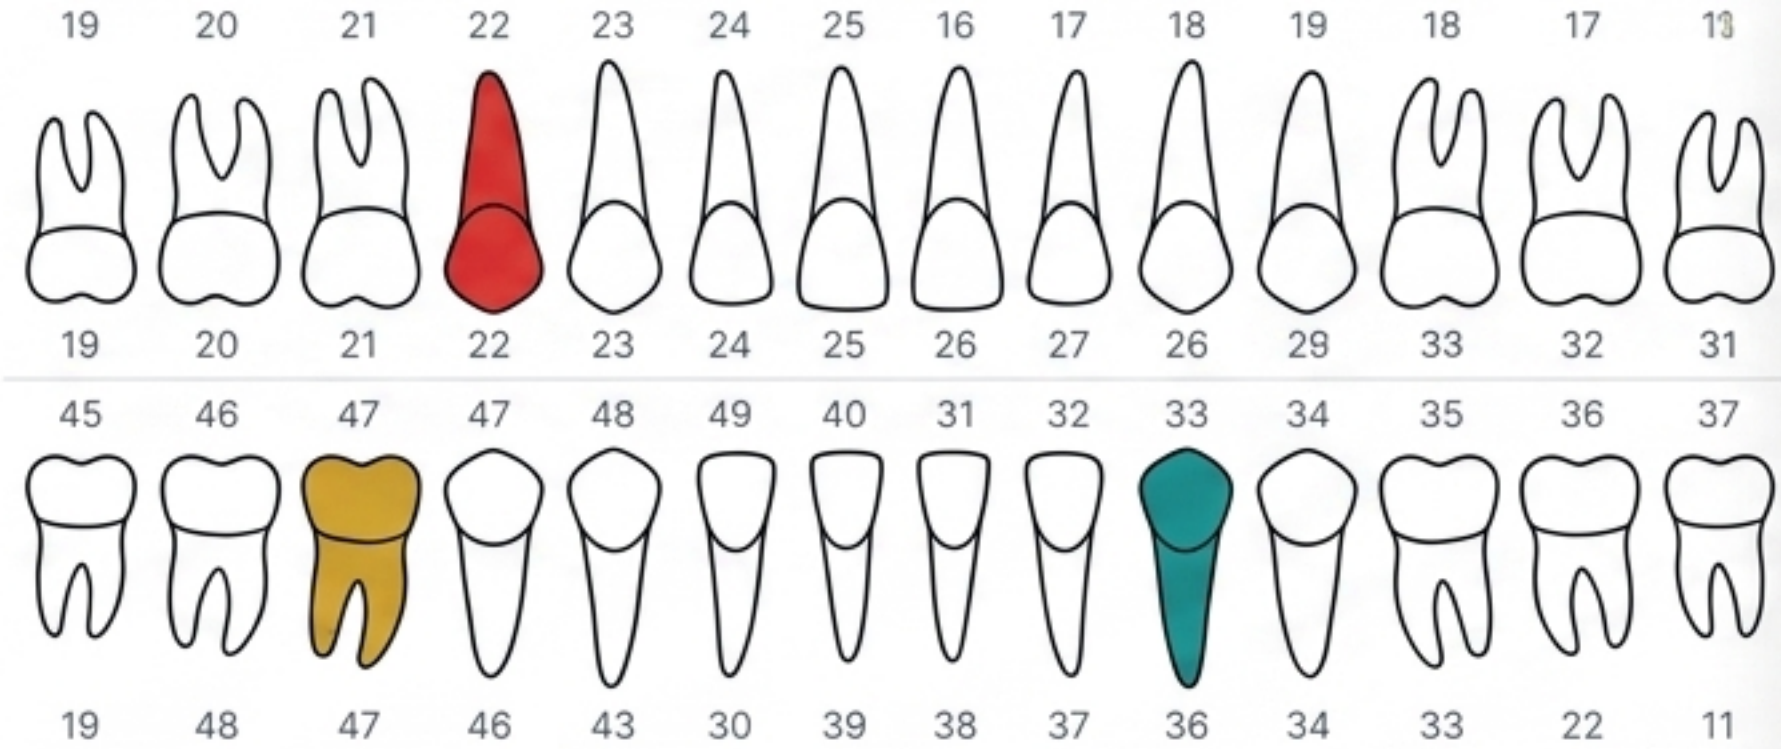

Quick Actions: Frictionless workflow. Add appointments, patients, and record payments in a single click.

Clinical depth: Every tooth tracked, precisely and visually.
